## 6. Q&A

---

**Q-1.** I want to change the designated color of the element.

**A-1.** You can edit it in Photoshop. (Edit PSD)

- To modify the design and export the slice, you need to know how to use Photoshop.

It will be helpful to know the concept of layer and to learn how to use basic tools, how to use 'layer style', and how to 'export png'.

That way you can modify it to high quality, and you can do 9-slice as you like. And that will help you grow.

### 1) Easy way to change color

- Open the PNG in Photoshop and adjust it using 'Image > Adjustments ue Hue/Saturation'.

## 6. Q&A

- You can change the color of the element in a simple way.
- However, but you can't adjust it in detail or do a high-quality design, so please refer to it.

### 2) Export to PNG

- The simple way to store PNG(9-slice) is to 'Export' with 'Quick Export as PNG'.
